To Whom It May Concern:

This serves to confirm that Tri Media Vision operates digital signage in Wellington, including a 20 square metre LED digital billboard on the council owned site occupied by the Embassy Theatre.

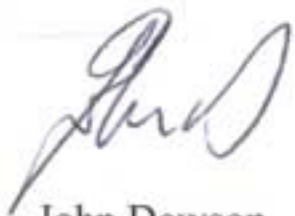

Tri Media has on several occasions made the screen available to Wellington Council for the promotion of council activities and city branding, this has proven to be a very successful, dynamic and interactive way to inform and communicate with the community.

In addition to the use of the fixed screen installations, we utilize Tri Media's sister company Carnegie Vision for the majority of our big screen rental requirements for several community events throughout the years.

At a senior level, my staff and I have found the company directors, and Mark Brewer to be accessible and accommodating in ensuring the projects ongoing success.

I await additional sites and the opportunity to use them for further promotion activities.

Yours sincerely

John Dawson
City Events Manager
Wellington City Council
